**Flames Destroy Sheds in Lomita**

Flames which were apparently started by children playing with matches swept through several sheds at the rear of 25620 Oak St. Saturday afternoon. Smoke from the blaze was visible over a wide area.  
 Firemen said the flames destroyed about \$100 worth of furniture and ceramics which were stored in the structure.

**Expect Home Improvements Here To Set Record This Spring**

Indications are that more Torrance, Lomita residents may be planning to repair or improve their homes this spring than in any year in recent history. Kenneth Miller, president of the Torrance, Lomita Board of Realtors reported today.

He added that if such work is being planned in preparation for the possible sale of the home, owners will benefit from a discussion of their plans with the realtor of their choice.

Miller said that his belief in a boom period of home modernization and maintenance is based on the observations of the realtors who are members of the Torrance, Lomita Board, and on a survey report issued by the Federal Reserve System.

The FRS survey of the spending plans of consumers, just released, indicated that 24.6 per cent of the nation's nonfarm families intend to spend \$50 or more on improvements or repairs to their homes during 1959. This is the highest percentage of those indicating such plans since early 1953 when the subject was first included in the survey.

"While the FRS study was national in scope without particular reference to any community, there is no reason to believe that Torrance-Lomita differs from the nation with respect to the spending plans of its residents," Miller pointed out.

Recalling that the real estate brokers who have been admitted to membership in the Torrance-Lomita Real Estate Board are leaders of the profession, Miller said that his associates are equipped to offer two kinds of advice to persons contemplating home improvement as an aid to the sale of their property.

"We can be helpful to such people in suggesting that they ought to do and ought not to do in the way of home improvements if their primary reasons for making such plans is to put their homes in a more marketable condition," he said. "In the course of the thousands of home sales they have negotiated, Realtors have gained clear ideas of the types of improvements that help to sell home, and those that hurt chances for sale at a price reflecting the owners' investments in them."

"For example, we know that first impressions gathered by a prospective buyer are often lasting ones," Miller said. "The first thing that an average sales prospect notes about a home is the condition of the

**Brownie Troop 2000**, sponsored by the Halldale Ave. P.T.A. under the direction of Gloria Trygstad and Marty Lehr, recently enjoyed two special outings.

Wednesday, March 18, the girls toured Di Carlo's bakery in San Pedro and learned the story of bread from the wheat fields to the table.

On Monday, March 23, they journeyed to Beverly Hills to see the film "Sleeping Beauty."

The troop is currently engaged in making scrap books for children in hospitals.

**Ted Carmack To Speak at Lions' Meet**

Ted Carmack, former Army Air Force pilot shot down in the Himalaya mountains while flying the India-China "Hump" in World War II, will present a program at a dinner-meeting of the North Torrance Lions Club to be held at the Western Club Cafe, 15516 S. Western Ave., Gardena, at 7:30 p.m. on Tuesday Apr. 14th.

Carmack, now a writer of short stories and articles, is a member of the staff at the Braille Institute, a free service center for blind people of the Greater Los Angeles area. He will show a film of the work being done by the Institute to help the blind to live happily and usefully despite their handicap.

Jack Parker is president of the North Torrance Lions Club. Program chairman is Nat Mondati.
